ASIM MERCHANT AND PUNIT JASUJA

In solid Burma teak, the Drey bed by Asim for Red Blue & Yellow is a lair of sorts that invokes drama from both outside and inside. Punit's hand painted bird, butterfly and horse cushions for Second Floor Studio recreate avian prints by the Audubon society, a creature from a lepidopterologist's lab and a majestic beast.

ADITI SHARMA, MALAVIKA SINGH & GOPENDRA SINGH FOR ZOLIJS

This series of concrete tableware by Gomaads comprises trivets, spoon separators, bowls, platters and trays made by slightly altering the composition of concrete leading to lighter products. The use of an unusual material to craft serveware lends a rustic yet sophisticated feel to the range.

ANJALI MODY AND JJ VALAYA

Made of timber and brass, Cosmos Cluster by Anjali is a versatile set of coffee tables that can be arranged in a spread out fashion or a more intimate setting. Veteran fashion designer JJ Valaya heralds a unique design brilliance with the Mizwid Dining Table. It features an intricately carved teak wood table top depicting the scene of a Moroccan palace for a superlative experience.
